Oil Smoke Stop 300ml

Reduces smoking of petrol and diesel engines.

Fields of application:

For use in all petrol and diesel engines. Compatible with all standard engine oils.

NOTE: Not suitable for use in motorcycles or quads with wet clutches.

Properties:

Reduces oil consumption by stabilizing the viscosity and compensates viscosity losses. Helps to prevent blue exhaust smoke.

Application:

The can content of 300ml is sufficient for 5 liters of oil. After adding to the engine oil, let the engine run warm. The product can be added at any time.

Technical data:

		Unit	Method
Color	Light brown		Visual inspection
Density, 20 °C	0.89	g/cm ³	DIN 51757
Flash point	>120	°C	DIN ISO 2592
Smell	Characteristic
